In regard to the abandoned trailer house on the property of Stella Coil, the Mayor reports that although such trailer was listed on the lot of Stella and John Coil on the 1980 census, there is no record of such trailer having been registered with the county and there is no record of any taxes ever having been paid on such trailer. The Mayor has been unable to learn where the trailer was purchased and who the actual owner is. The matter will be investigated further.

The Mayor has received complaints of the unsightliness of bales of straw heaped around the trailer home of Mike Ringwald. The Mayor will talk to him about the matter.

Council members commented on the breaking-down of the firewell at the north-west end of town. The condition of the firewell will be checked-out and proper repairs be made.

The Mayor reports that in regard to the matter of selling a portion of the lot that the town hall is situated on, the State Examiner has informed him that such a portion of land cannot be sold to a council member or to any member of his family.

The State Examiner, John Zender, will meet with the Mayor and council members in the near future. All council members are not required to be present.

It was reported that the Ball Park Ass'n. has asked to buy the town's old water hose.

In regard to the hot-roding of cars, the Mayor has investigated ways to put a stop to such actions. He has been informed that he has more authority as a citizen than as a Mayor. The only thing that can be done is to file a complaint of excessive noise and reckless operation and the proper authorities can make the arrest. The more witnesses there are, the better the chances are of making the arrest stick. The Mayor has talked to the offending parties in hopes that they will cooperate, thus making no further action necessary.

Jerry Foust asked the Mayor to talk to the County Sheriff and to the State Highway Patrol Lt., to see if they might be in the area at the time the ball games are over at Venedocia Ball Park to curb unnecessary speed and recklessness.

It was decided to hold the next meeting on July 12 at 6:00.

Prior to the meeting, Dale Obringer from Spencerville was present to present to the town, his bid to become the town refuse carrier. The general consensus of the council was that they know of no dissatisfaction with our present refuse hauler and that Obringer's rate of \$5.50 per month for up to five bags a month would not appeal to most residents who are now putting out an average of one bag a week for 60¢ a bag. Obringer's offer, however, will be presented to town residents for their consideration.
